

THE SURGICAL TEAM

Trust, Care, Cure - The Healing Touch

Corporate Overview & Strategic Vision

The Surgical Team is a prestigious third-generation medical company with a legacy spanning over 60 years. Dedicated to delivering innovative medical solutions, reliability, and high-quality products, the organization operates under the guiding philosophies of "Trust, Care, Cure - The Healing Touch" and "Surgery With Skill, Compassion With Care." The company stands as a trusted partner for healthcare professionals globally.

Mission: To enhance community quality of life through affordable, cutting-edge medical products.
Vision: To revolutionize healthcare and shape the future of global medicine.

Group of Companies

Company	Strategic Focus
Surgihub (Surgical Devices Hub)	The pioneering foundation of the group, established to support retailers by offering an extensive and diverse range of surgical devices and equipment.
SMPL (Surgical Mall of India)	An initiative establishing robust healthcare infrastructure by opening franchises in every district, with doctors acting as key partners.
Dr. Smith (Surgical Wholesale Mart)	A leading supplier of surgical furniture and equipment providing competitive wholesale prices in partnership with dealers.
Mediaid (Mediaid Curatives India)	A medical tourism facilitator that connects international patients with top-rated hospitals and medical professionals across India.

Services & Ecosystem

The Surgical Team addresses critical industry challenges, including unoptimized supply chains, overpriced products, multiple-vendor complications, and a lack of emergency accessibility. These

are resolved through agile adaptability, collaborative global partnerships, and dedicated 24/7 customer support.

Infrastructure & Equipment

- **Hospital Construction:** Efficient, sustainable construction for modern needs.
- **Furniture & Equipment:** Comprehensive, one-stop solution for all hospital requirements.
- **Service Support:** Streamlined service frameworks with meticulous maintenance.

Management & Care

- **Workforce Management:** Optimization of staff operations for better patient care.
- **Medicinal Solutions:** Formulations addressing distinct health concerns.
- **Patient Management:** Integrated systems for invoicing and billing.
- **Medical Tourism & Home Care:** Specialized global treatments and local home care.
